I Have a Promise With Feng Huang

Always yearning to see the smiling face of Grandmaster

Always yearning to listen to the voice of Grandmaster

Always yearning to stay at your Dan-Alchemy House

Always yearning for the taste of Feng Huang Dan-Alchemy Tea

I have a promise with Feng Huang

On coming together to seek for the very source of all things

Now embarking on this path of returning to the homeland

Walking into sunlight hence ushering in spring

Seeing your smiling face that is so compassionate

Listening to your songs of wisdom that are so heart touching

Staying at your Dan-Alchemy House that is so warm and pleasant

Getting to taste Feng Huang Dan-Alchemy tea that is so sweet and mellow

I have a promise with Feng Huang

On coming together to revere the Divine in the heart

Now stepping inside this gate of returning to the homeland

Uncontrollable tears of joy fill the heart

I have looked out for you from afar

I have dreamed of moving forward with you

I have prayed for you silently

You have offered profound comfort to my soul

I have a promise with Feng Huang

On coming together to share our homeward journey aspirations

Now in the embrace of Feng Huang Yuan

Let this promise be solidified eternally

Du Du Du...

Now in the embrace of Feng Huang Yuan

Let this promise be solidified eternally

Let this promise be solidified eternally
