I Have a Promise with Feng Huang

Always yearning to see the smile of Grandmaster

Always yearning to hear the voice of Grandmaster
Always yearning to stay at your Dan-Alchemy House
Always yearning to taste Feng Huang Dan Tea
I have a promise with Feng Huang
We promise to go on a quest for our shared origins
Now embarking on this path homeward
Walking into the sunshine, ushering in the spring
Seeing your smile, so compassionate and kind
Hearing your songs of wisdom, so moving and inspiring
Staying at your Dan-Alchemy House, so warm and embracing
Tasting Feng Huang Dan Tea, so pure and sweet
I have a promise with Feng Huang
We promise to revere the Divine within our hearts
Now stepping into the gate that leads home
Overflowing with tears from a heart deeply stirred

From afar, I gazed upon you with longing
In dreams, I journeyed forward with you
I prayed for you in silent devotion
You bestowed deep peace upon my soul
I have a promise with Feng Huang
We promise to express our sentiments of returning
Now nestled in the embrace of Feng Huang Yuan
Let this promise solidify into eternity
Du Du Du...
Now nestled in the embrace of Feng Huang Yuan
Let this promise solidify into eternity
Let this promise solidify into eternity
